

AUSTRALIA FACTS

Australia, officially the Commonwealth of Australia, is a country in the Southern Hemisphere comprising the mainland of the Australian continent, the island of Tasmania, and numerous smaller islands in the Indian and Pacific Oceans. Neighboring countries include Indonesia, East Timor, and Papua New Guinea to the north, the Solomon Islands, Vanuatu, and New Caledonia to the northeast and New Zealand to the southeast.

For at least 40,000 years before European settlement in the late 18th century, Australia was inhabited by indigenous Australians, who belonged to one or more of roughly 250 language groups. After discovery by Dutch explorers in 1606, Australia's eastern half was claimed by Britain in 1770 and initially settled through penal transportation to the colony of New South Wales, formally founded on 7 February 1788 (although formal possession of the land had occurred on 26 January 1788). The population grew steadily in subsequent decades; the continent was explored and an additional five self-governing Crown Colonies were established.

On 1 January 1901, the six colonies became a federation and the Commonwealth of Australia was formed. Since Federation, Australia has maintained a stable liberal democratic political system and is a Commonwealth realm. The population is 22 million, with approximately 60% concentrated in and around the mainland state capitals of Sydney, Melbourne, Brisbane, Perth, and Adelaide. The nation's capital city is Canberra, in the Australian Capital Territory.

A prosperous developed country, Australia is the world's thirteenth largest economy. Australia ranks highly in many international comparisons of national performance such as human development, quality of life, health care, life expectancy, public education, economic freedom, and the protection of civil liberties and political rights. Australia is a member of the United Nations, G20, Commonwealth of Nations, ANZUS, OECD, APEC, Pacific Islands Forum, and the World Trade Organization.

Participants attending the Pre-conference tour will need to arrive into Canberra by Tuesday, 29 November and will leave from Melbourne Airport (MLB) to Brisbane Airport (BNE) or directly to the Sunshine Coast Airport (MCY), Queensland either Saturday afternoon, 3 December or Sunday, 4 December, dependent on your need to attend meetings on Sunday. All Executive and Technical Committee Members attending the Pre-conference tour will need to leave from Melbourne on Saturday, 3 December to the Sunshine Coast to be able to attend the Technical and Executive Committee Meetings scheduled for Sunday, 4 December. If traveling from Melbourne to Brisbane, participants will need to take an airport shuttle bus from the Brisbane Airport to the venue on the Sunshine Coast, which is 1.5 to 2 hours drive north of the city. Shuttles depart the Brisbane Airport every half hour and the cost will be approximately \$40 AUD (see below). Get off the shuttle at the Mantra in Mooloolaba. Alternatively, flights are available directly to the Sunshine Coast and taxis (<http://www.sunshinecoast-australia.com/sunshine-coast-taxis.html>) or shuttles (<http://www.sunair.com.au/sunshine-coast-airport.html>) are available. Please note that the cost of travel between the pre-conference tour venue and the Sunshine Coast is not covered by the registration fee. Furthermore the hotel for Saturday night, 3 December is not covered by the registration cost. (Camcore will assume that you need rooms for the all nights that you are in Australia and will handle booking all rooms once flight information has been received (arrival and departure dates, time, Airlines and Flight Numbers.)
